

DAVISTECH

DAVIS TECHNICAL COLLEGE

Are you interested Davis Tech Cosmetology, Esthetics or Nail Programs?

Students should plan on the following:

- **If you are in 9th grade:**
 - Study hard, work on completing all graduation requirements at your high school so you have room in your schedule during your senior year to come to Davis Tech.
 - Start a savings plan for your tools/kit costs that you will need as you attend Davis Tech.
- **If you are in 10th grade:**
 - Study hard, work to earn a “B” grade or better in your English Class.
 - Study hard, continue work on completing all graduation requirements at your high school so you have room in your schedule during your senior year to come to Davis Tech.
 - Continue saving money for your tools/kit costs that you will need as you attend Davis Tech.
- **If you are in 11th grade:**
 - Study hard, work to earn a “B” grade or better in your English Class.
 - During the fall of your junior year of high school – request an application from Davis Tech for the following school year. This will be due in February and you will need time to complete the application.
 - Consider taking a Human Anatomy & Physiology course as part of your high school graduation requirements (not required but each program spends time on human anatomy).
 - Start developing contacts for a letter of reference, a potential client list or a marketing plan for potential clients, and begin working on your letter of intent.
 - Study hard, continue work on completing all graduation requirements, you will need faculty sign-offs that you are in good standing academically and with citizenship to attend Davis Tech.
 - Continue saving money for your tools/kit costs that you will need as you attend Davis Tech.
- **If you are interested in NAILS: There is no application required.** You are welcome to start with any of our start dates. Contact Davis Tech for more information. A “B” or better in English is very helpful, but not required.

A couple of things to consider beyond your application –

1. Consider taking one of the following courses before you enter any of the programs:
 - WSKS 1400; Workplace Success (available at Davis Technical College),
 - BTEC 1565; Customer Service (available at Davis Technical College),
 - **Why?** We find that students who take Workplace Success are more successful and have a better experience in school than students who don't. Customer Service is a critical skill in the beauty business and in life, which will help as you move through any of the programs.
2. Consider taking a CPR class, it is required prior to completion of your program. Davis Tech or other providers offer the course and it would allow you to lighten your load as you move forward.

If you have questions regarding the application please contact |SHERESA AT 801-593-2431, SHERESA.TEBBS@DAVISTECH.EDU
