- LDS BUSINESS COLLEGE

Davistech.edu

START THE PROCESS

- Meet with your high school CTE Coordinator to verify eligibility (your grades and high school graduation is on track which would allow you to enroll at DavisTech).

- Follow the application process from Davis Tech web site or Marlee's email. All documents are found on the program page.

- **Before** you submit your application make sure you get your Davis Tech Student ID #

Make your **DECISION**

High school graduation comes first!

- Make sure you are current with grades and attendance
- Make a conscious decision regarding activities beyond the classroom-what are your interests, vacation plans, personal responsibilities, and your family expectations?
- **Realize, this will be your only extra curricular activity.**
- Team sports, Drama, Cheerleading, Band, etc. becomes too much to balance and meet attendance requirements for either the team/group and Davis Tech. (You are only allowed 10 absences for a full year; this includes sick days and we so not accept excused absences for high school events.)
- **Remember-High school only happens once, and we want you to have a great experience! We will be here after high school graduation if you have a busy senior schedule and you don't want to give up an activity/sport/event etc.**
