INTRODUCTION

Fiscal Year Ended June 30, 2024

Kaysville, Utah A Component Unit of the State of Utah

September 19, 2024

To the Members of the College Board of Trustees Davis Technical College

Management of the Davis Technical College (College), a technical college within the Utah System of Higher Education and a component unit of the State of Utah, assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

The Utah State Auditor's Office, has issued an unmodified ("clean") opinion on the College's financial statements for the fiscal year ended June 30, 2024. The independent auditor's report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the College

The College was established effective July 1, 1978, by the Utah State Legislature to offer vocational and related instruction to secondary and adult students. The institution was originally known as the Davis Area Vocational Center (DAVC). Over time, the institution's name changed to the Davis Applied Technology Center (DATC), then the Davis Applied Technology College (DATC). Effective July 1, 2017, the Utah Legislature passed legislation which renamed the College as the Davis Technical College. The College operates as an institution of the Utah System of Higher Education and is governed by the Utah Board of Higher Education, with appropriate responsibilities and authority delegated to the College Board of Trustees. Information on the College's relationship to the Utah System of Higher Education can be found in Note 1 of the notes to the financial statements.

The institution meets the needs of Utah employers for technically skilled workers and promotes local and statewide economic development by providing market-driven technical education to secondary and post-secondary students. Programs lead to institutional certificates and industry credentials, where applicable, but do not include general education. The institution delivers competency-based instruction, allowing students to progress quickly and affordably with recognition of prior education, skill, and experience. Articulation agreements are in place with secondary education partners to reduce the duplication of course work for students. Pathway agreements with postsecondary college and university partners also provide opportunities for students to progress in their education. The College primarily provides services to the geographical area encompassing Davis County and Morgan County, but also accepts students from other areas both from within and out of the State.

In addition to the activities of the College, this report includes information related to the legally separate Davis Technical College Foundation, Inc. (Foundation). Because the resources held by the Foundation can only be used by, or for the benefit of, the College, the Foundation is considered a component unit of the College and is included

Phone: (801) 593-2304

in these financial statements. Additional information on the Foundation can be found in the notes to the financial statements (See Notes 1 and 11).

The Board of Trustees is required to adopt an annual budget. The budget is developed based upon revenues appropriated by the Utah State Legislature, tuition and fees, and various other sources. The budget is revised by the Trustees as the need arises throughout the year.

Local Economy

In Fiscal Year 2024, over 60% of revenues came from direct appropriations, grant and contracts, or capital grants from the State of Utah. Therefore, the total state economy is important to the outlook of the College. Currently in Utah many employers are having difficulty finding skilled workers as the state has one of the lowest unemployment rates in the country. With full employment Utah is reporting positive tax revenues and one of the strongest economies in the nation and that should bode well for the College as it continues to train workers to fill jobs for local employers.

Long-term Financial Planning

The College has been allocated over \$20 million dollars by the State of Utah towards the renovation of the following programs: Culinary Arts, Welding Technology, Apprenticeships, and Architectural Engineering and Design, and the Construction Trades programs. Construction is currently underway and is expected to be completed in phases with expected completion in 2025.

Relevant Financial Policies

The direct appropriation from the State of Utah for Fiscal Year 2024 was \$27,674,500 or 55.8% of total revenues. Other revenues that come from various other state funding sources are recorded in the financial statements as state grants and contracts, rather than state appropriations, these additional state funds are appropriated to other agencies first and then come to the College in the form of a grant or contract. State grants and contracts for Fiscal Year 2024 were \$2,797,862 or 5.6% of total revenues. The grants and contracts were from various state sources including, a contract with the Utah Department of Corrections, Strategic Workforce Initiative (SWI) funds, and Talent Ready Utah funds. Additionally, during Fiscal Year 2024, the College received state funded capital improvements of \$1,845,864 which are reflected on the College's financial statement as a Capital Grants and make up 3.7% of total revenues for the fiscal year.

The College strives to maintain policies which are relevant and based on current standards and regulations. During this fiscal year, the College continued to work with the Utah System of Higher Education to better align academic programs and numerous policies and procedures of the College with other institutions across the state.

Statewide Higher Education Governance

During the 2020 General Session of the Utah Legislature, the Legislature passed Senate Bill 111, Higher Education Amendments. This bill combined the Utah System of Higher Education and Utah System of Technical Colleges. The Utah Board of Higher Education was formed as a new governing body to oversee all higher education within the State of Utah. This new system of higher education has introduced several changes for technical colleges. Technical colleges are now more integrated into the processes and procedures of Utah's statewide higher education system. Throughout this year the College has continued to work on program alignment, improved pathways, and articulation for students who choose to pursue further education at a degree granting institution after completion of an educational certificate at a technical college. Technical colleges have substantially completed the process to move educational programs from clock-hour to credit-based programs. This further improves articulation and pathways for students.

The combined Utah System of Higher Education began a study in 2021 to determine if a shared services model would be feasible within the System and to determine what a shared services model might look like. The shared services being researched include title IX compliance, accounting and payroll systems, student information

systems, procurement, human resources, and information technology, recommendations from the study are being evaluated and the implementation of shared services will begin during 2025.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the College for its comprehensive annual financial report for the fiscal year ended June 30, 2023. This was the sixth year that the College has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the College had to publish an easily readable and efficiently organized comprehensive annual financial report that satisfied both generally accepted accounting principles and applicable program requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. However, we believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement for Excellence in Financial Reporting Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the skill, effort, and dedication of Ed Eschler, Controller, and the entire staff of the Fiscal Services Department. We wish to thank all members of the Fiscal Services Department for their assistance in the preparation of this report. Credit also is due to College Board Chair, Troy Wood, and other members of the Board of Trustees for their unfailing support for maintaining the highest standards of professionalism in the management of the College's finances.

Respectfully submitted,

Independent Auditor's Report

To the Board of Trustees, Audit Committee and
Darin Brush, President
Davis Technical College

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Davis Technical College (College) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College, as of June 30, 2024, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our report.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and

fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing
 an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion
 is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of Proportionate Share of the Net Pension

Liability, and the Schedule of Pension Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the *introduction and statistics sections* but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2024 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Office of the State Auditor

Office of the State auditor

As management of the Davis Technical College (College), a component unit of the State of Utah, we offer readers of the College's financial statements this narrative overview and analysis of the financial activities of the College for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with the additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the College's financial statements. The financial statements comprise four components: 1) the Statement of Net Position, 2) the Statement of Revenues, Expenses, and Changes in Net Position, 3) the Statement of Cash Flows, and 4) the Notes to the Financial Statements.

Statement of Net Position. The Statement of Net Position provides information on the College's assets, deferred outflows, liabilities, and deferred inflows at the end of the fiscal year, with the difference reported as net position. The information provided in the Statement of Net Position – along with disclosures and other information contained in the Statement of Revenues, Expenses, and Changes in Net Position; the Statement of Cash Flows; and accompanying notes – helps users assess, among other things, the College's liquidity and its ability to meet its obligations.

Statement of Revenues, Expenses, and Changes in Net Position. The Statement of Revenues, Expenses, and Changes in Net Position provides information to users both about the operating performance of the College and the effects of nonoperating transactions and events that change the amount of net position of the College. The information in this statement, together with information in the Statement of Net Position, the Statement of Cash Flows and accompanying notes, should assist users of the financial statements in evaluating the College's performance during the fiscal year and how well management has discharged their stewardship responsibilities and other aspects of their duties.

Statement of Cash Flows. The Statement of Cash Flows provides information about the cash receipts and cash payments of the College during the fiscal year. When used with related disclosures and information in other financial statements, a statement of cash flows should help financial statement report users assess the College's ability to generate future net cash flows; its ability to meet its obligations as they come due; the reasons for differences between operating income and the associated cash receipts and payments; and the effects on the College's financial position of both its cash and noncash investing, capital, and financing transactions during the fiscal year.

Notes to the Financial Statements. The Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

Financial Analysis

Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position. The following schedule presents a summary of the College's assets, deferred outflows, liabilities, deferred inflows, and net position as of June 30, 2024 and 2023:

Net Position	Year Ended June 30, 2024 Amount		Ju	ear Ended ne 30, 2023 Amount]	Amount of Increase Decrease)
Current Assets	\$	25,378,223	\$	14,851,408	\$	10,526,815
Noncurrent Assets		520,651		1,372,387		(851,736)
Capital Assets, net		57,890,668		59,711,829		(1,821,161)
Total Assets		83,789,542		75,935,624		7,853,918
Deferred Outflows of Resources		1,827,730		1,840,983		(13,253)
Current Liabilities		2,241,389		1,960,189		281,200
Noncurrent Liabilities		3,938,420		4,196,302		(257,882)
Total Liabilities		6,179,809		6,156,491		23,318
Deferred Inflows of Resources		71,127		168,472		(97,345)
Net Position:						
Net Investment in Capital Assets		57,696,931		59,711,829		(2,014,898)
Restricted		910,420		1,790,971		(880,551)
Unrestricted		20,758,986		9,948,844		10,810,142
Total Net Position	\$	79,366,337	\$	71,451,644	\$	7,914,693

The Total Assets of the College increased by \$7,853,918 during the fiscal year.

Current Assets increased by \$10,526,815 as the College experienced an increase in Cash and Cash Equivalents of \$10,237,364 including \$6,800,815 proceeds from the sale of Davis Tech Foundation's minority equity interest in Skyline View Apartments and \$3,436,549 from regular operations. Accounts Receivable from state agencies increased by \$161,263 and \$69,133 from other operations. Inventories of merchandise and supplies in the Bookstore, Cosmetology Salon, and of various programs increased \$53,020.

Noncurrent Assets decreased \$851,736 resulting from the sale of Skyline View Apartments with a book value of \$836,416.

The decrease in Capital Assets of \$1,821,161 for the year is the result of campus improvements of \$1,928,502, additional equipment assets of \$1,067,215 and the addition of Software Subscription and other Intangible Assets of \$53,690. These increases were offset with depreciation and amortization expense of \$4,870,568.

Deferred Outflows decreased for the current year by \$13,253 to \$1,827,730 resulting from a net decrease between projected and actual earnings on pension plan investments of \$168,243, a decrease in the proportionate share of contributions of \$21,763 and a decrease in contributions subsequent to the measurement date of \$18,102. These decreases were partially offset by increases resulting from changes in assumptions of \$155,333 and a difference between expected and actual experience of \$39,522.

The Total Current Liabilities of the College increased by \$281,200. Account Payable increased \$64,349 for amounts due to state agencies and \$262,362 due to others. Accrued Compensation Liabilities increased \$42,288. Unearned Revenue decreased by \$39,008, Accrued Termination benefits decreased \$54,178 and other liabilities increased by \$5,387.

Noncurrent Liabilities decreased by \$257,882 as the College recorded a decrease of \$136,673 in Net Pension Liabilities, a decrease of \$123,897 in Other Accrued Compensation Liabilities and a decrease of \$90,796 in liabilities for Accrued Software Subscription Arrangements. Accrued Termination Benefits decreased by \$12,116. The noncurrent portion of the Accrued Leave Liability increased by \$105,600.

Deferred Inflows related to pensions decreased \$97,345 to \$71,127 resulting from \$2,781 in changes between the actuarially expected and actual investment experience, as well as \$68,212 in changes in proportion and differences between contributions and the proportionate share of contributions.

The Total Net Position of the College increased by \$7,914,693 from the previous fiscal year. Restricted Net Position decreased by \$880,551 to \$910,420, the change in restricted funds resulted primarily from the sale of Skyline View Apartments with a book value of \$836,416. The College's net position at year-end was \$79,366,337.

Changes in Net Position. The following schedule presents a summary of changes in Net Position for the College for the fiscal years ended June 30, 2024 and 2023:

Changes in Net Position	Year Ended June 30, 2024 Amount	Year Ended June 30, 2023 Amount	Amount of Increase (Decrease)
Operating Revenues	\$ 10,884,828	\$ 9,786,216	\$ 1,098,612
Operating Expenses	(41,734,230)	(39,260,066)	(2,474,164)
Operating Income (Loss)	(30,849,402)	(29,473,850)	(1,375,552)
Nonoperating Revenues	36,908,231	27,897,848	9,010,383
Nonoperating Income (Loss)	36,908,231	27,897,848	9,010,383
Income Before Other Items	6,058,829	(1,576,002)	7,634,831
Other Revenues and Expenses	1,855,864	728,318	1,127,546
Increase (Decrease) in Net Position	7,914,693	(847,684)	8,762,377
Net Position - Beginning of Year	71,451,644	72,299,328	(847,684)
Total Net Position	\$ 79,366,337	\$ 71,451,644	\$ 7,914,696

The College experienced a net operating loss of \$30,849,402. The College is a State institution and receives a large portion of its revenues from State Appropriations. These appropriations are classified in the financial statements of the College as nonoperating revenues. The state appropriation is anticipated as a means of covering a majority of the costs of operating the College. During fiscal year 2024, the State appropriation of \$27,674,500 was sufficient to offset all but \$3,174,902 of the amount shown on the financial statements as an operating loss.

After considering nonoperating revenues and expenses, and other items, the College had an increase in Total Net Position of \$7,914,696. Prior to recording depreciation and amortization expenses of \$4,870,569, the College had an increase in net position of \$12,785,265. The Other Revenues of the College consisted of \$1,845,864 in capital projects on the campus completed by the State of Utah's Division of Facilities Construction and Management, which is an increase of projects completed from the prior year of \$1,152,546 and \$10,000 in equipment donated to the College through the Foundation.

Revenues. The following schedule presents a summary of College revenues for the fiscal years ended June 30, 2024, and 2023:

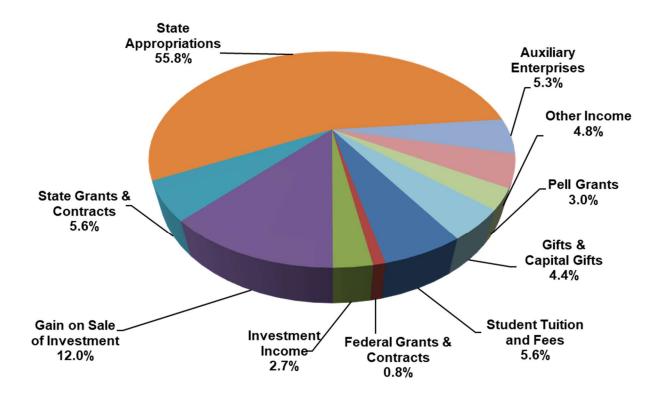

Revenues	Year Ended June 30, 2024 Amount	Percent of Total	Year Ended June 30, 2023 Amount	Amount of Increase (Decrease)	Percent of Increase (Decrease)
Operating Revenues:					
Student Tuition and Fees	\$ 2,786,025	5.61%	\$ 2,520,992	\$ 265,033	10.51%
Federal Grants and Contracts	421,470	0.85%	391,705	29,765	7.60%
State Grants and Contracts	2,797,862	5.64%	2,256,709	541,153	23.98%
Local Grants and Contracts	44.826	0.09%	24,717	20,109	81.36%
Nongov Grants & Contracts	904,732	1.82%	979,310	(74,578)	(7.62%)
Sales & Services of Ed Depts	25,602	0.05%	26,626	(1,024)	(3.85%)
Auxiliary Enterprises	2,640,939	5.32%	2,480,108	160,831	6.48%
Other Operating Revenues	294,476	0.59%	232,499	61,977	26,66%
Independent Operations	968,896	1.95%	873,550	95,346	10.91%
Total Operating Revenues	10,884,828	21.92%	9,786,216	1,098,612	11.23%
Nonoperating Revenues:					
State Appropriations	27,674,500	55.76%	24,346,400	3,328,100	13.67%
Gifts	328,198	0.66%	494,670	(166,471)	(33.65%)
Investment Income	1,315,853	2.65%	646,311	669,542	103.59%
Gain on Sale of Investment	5,964,399	12.01%	-	5,964,399	100.00%
Disposal of Capital Assets	47,876	0.10%	8,977	38,899	433.32%
Federal Pell Grants	1,478,843	2.98%	1,361,282	117,561	8.64%
Federal CARES Act: HEERF Grants		0.00%	891,193	(891,193)	(100.00%)
Other Nonoperating Revenues	98,562	0.19%	149,015	(50,453)	(33.86%)
Total Nonoperating Revenues	36,908,231	74.35%	27,897,848	9,010,383	32.31%
Other Revenues:					
Capital Grants	1,845,864	3.72%	693,318	1,152,546	166.24%
Capital Gifts	10,000	0.02%	35,000	(25,000)	(71.43%)
Total Other Revenues	1,855,864	3.74%	728,318	1,127,546	154.81%
Total Revenues	\$ 49,648,923	100.00%	\$ 38,412,382	\$ 11,236,542	29.25%

The revenue comparison between fiscal year 2024 and fiscal year 2023 shows an increase in total revenues of \$11,236,542 or 29.25% over the prior year. The largest factor in this increase was a \$5,964,399 gain on sale of Davis Tech Foundation's minority equity interest in Skyline View Apartments. Other contributing factors include an increase in Capital Grants of \$1,152,546 due to onetime funding received in fiscal year 2024 for projects including north campus improvements and mechanical systems upgrade for the main building.

State Appropriations increased by \$3,328,100 as the State provided \$881,600 towards training program expansion, \$1,763,500 for employee compensation, and \$439,700 in new equipment funding. Student Tuition and fees increased by \$265,033 due to enrollment increases in many programs with the largest increase in Composite Materials Technology, Surgical Technology, Electrical Apprenticeship, Architectural and Engineering Design and Cybersecurity.

Investment Income increased \$669,542 from the previous fiscal year to \$1,315,853. Actual interest earned was \$1,281,815 and a GASB 31 fair market value increase adjustment of \$34,038 for the College's Public Treasurers' Investment Fund (PTIF).

Total Revenues FY2024

Expenses. The following schedule presents a summary of College expenses for the fiscal years ended June 30, 2024 and 2023:

Expenses	_	ear Ended ne 30, 2024 Amount	Percent of Total	Ju	ear Ended ne 30, 2023 Amount	1	mount of increase Decrease)	Percent of Increase (Decrease)
Operating Expenses:								
Salaries and Wages	\$	20,031,231	47.99%	\$	17,758,164	\$	2,273,067	12.80%
Benefits		7,253,495	17.38%		6,559,885		693,610	10.57%
Actuarial Calculated Pension Expense		965,273	2.31%		910,242		55,031	6.05%
Scholarships		891,593	2.14%		1,076,988		(185,395)	(17.21%)
Utilities		792,100	1.90%		793,753		(1,653)	(0.21%)
Supplies and Other Services		6,929,969	16.61%		7,335,241		(405,272)	(5.52%)
Depreciation and Amortization		4,870,569	11.67%		4,825,793		44,776	0.93%
Total Operating Expenses		41,734,230	100.00%		39,260,066		2,474,164	6.30%
Total Expenses	\$	41,734,230	100.00%	\$	39,260,066	\$	2,474,164	6.30%

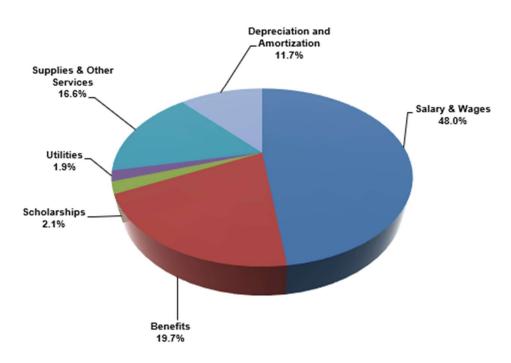

Total Operating Expenses for the year increased by \$2,474,164 from the prior year. Salaries and Wages expenses increased by \$2,273,067. Full time instructors were added in Culinary and Diesel/Heavy Duty Technology. New full-time staff positions included a Blended Learning Coordinator and Academic Advisors.

Benefits expenses increased by \$693,610 from the prior year, with \$358,554 in additional health insurance premiums. Actuarial Calculated Pension Expense increased by \$55,031 as required by the reporting requirements of GASB 68. Additional information on this standard can be found in Note 8 of the Notes to the Financial Statements.

Scholarship expenses decreased by \$185,395 with a decrease of \$235,000 in CARES related scholarships partially offset by increases in Pell Grant and foundation scholarships.

Depreciation and amortization expense increased by \$44,776 to \$4,870,569. Depreciation of buildings increased by \$130,891 and depreciation of other assets decreased by \$86,115 from the prior year.

Total Operating Expenses FY2024

Capital Asset Administration

Capital Assets. The College's investment in capital assets as of June 30, 2024 amounts to \$57,890,668 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, equipment, intangibles and subscription-based software agreements. There were additions of \$3,049,407 before depreciation and amortization during the fiscal year. Of this amount \$1,845,864 was for projects completed at the College by the State Division of Facilities Construction and Management (DFCM). DFCM projects completed in fiscal year 2024 consist of \$705,331 for north campus improvements including the addition of street access, sidewalk and fencing, \$681,392 for remodel and mechanical systems upgrades in the main building and \$358,479 for main building roof repairs.

The College retired \$338,746 in assets during the year, all of which had been fully depreciated. Depreciation and amortization for the year was \$4,870,569. Additional information on the College's capital assets can be found in Note 5 of the Notes to the Financial Statements.

The following schedule presents a summary of College Capital Assets for the fiscal years ended June 30, 2024 and 2023:

Capital Assets (net of depreciation & amortization)	Year Ended June 30, 2024 Amount	Year Ended June 30, 2023 Amount	Amount of Increase (Decrease)
Land	\$ 1,989,080	\$ 1,989,080	\$ -
Buildings and Improvements	53,159,846	54,913,203	(1,753,357)
Equipment	2,372,650	2,290,733	81,917
Intangibles	142,474	232,126	(89,652)
Software Subscriptions	226,618	286,687	(60,069)
Total Capital Assets, net	\$57,890,668	\$59,711,829	\$ (1,821,161)

Factors Effecting Net Position or Operations

Utah Department of Corrections Contract. Since 2010, the College has provided technical training to the inmates at the Utah State Prison, under a contract with the Utah Department of Corrections. The training includes automotive technology, machining, welding technology, culinary arts, and computer applications. This contract was renewed in June 2022 and will expire on June 30, 2025.

State Economic Outlook. The College receives a significant portion of its funding through legislative appropriations from the State of Utah; therefore, the general economic condition of the State has a direct impact on the College's ability to provide services to students and employers in the Davis and Morgan County service areas. Utah's economic position remains one of the strongest in the nation with annual employment growth as of June 30, 2024 of 2.4% and a low unemployment rate of 3.0%. This position has allowed the State to increase funding to the College through the legislative process to accommodate the growing needs of students and employers.

Requests for Information

This financial report is designed to provide a general overview of the Davis Technical College's finances for all those with an interest in the College's finances and to show the accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Fiscal Services Office, Davis Technical College, 550 East 300 South, Kaysville, Utah 84037.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Davis Technical College (College) have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB).

Estimates

Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Reporting Entity

The College is a component unit of the State of Utah and is included in the State's *Annual Comprehensive Financial Report*.

The College was established July 1, 1978, by the Utah State Legislature to offer vocational and related instruction to secondary and adult students. The College operates in accordance with Section 53B-2-101 of the Utah Code Annotated 1953, as amended, as a member of the Utah System of Higher Education and is governed by the Utah Board of Higher Education with appropriate responsibilities and authority delegated to the College Board of Trustees.

Funding for the College is received primarily from direct appropriations from the Utah State Legislature, as well as tuition and fees, and grants and contracts with federal, state and local agencies.

Blended Presentation Component Unit

The Davis Technical College Foundation, Inc. (Foundation) is a legally separate and taxexempt organization that was formed to exclusively benefit the College and its students. The College provides administrative resources for the daily operations of the Foundation. The nature of the relationship between the Foundation and College meets the requirements for the Foundation to be presented in the College's financial statements as a blended component unit. Further information, as well as condensed financials for the Foundation, can be found in Note 11.

Measurement Focus and Basis of Accounting

For financial reporting purposes, the College is considered a special purpose government entity engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The College distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the College's principal mission of instruction. Certain grants and contracts that are aligned with College's principal mission are included in operating revenue and expenses. The revenues of the Utah Nursing Assistant Registry are reported as independent operations, which is a part of the operating revenues of the College. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is generally the College's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash & Cash Equivalents and Investments

The College's cash and cash equivalents are generally considered short-term, highly liquid investments with a maturity of three months or less from the purchase date.

Cash and investment management at the College is administered in accordance with the Utah Money Management Act (Section 51-7, Utah Code Annotated, 1953, as amended).

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Inventories

Inventories of supplies are recorded at cost. The Bookstore, Cosmetology Salon, and Print Center inventories held for resale are carried at the lower of cost or market utilizing an average cost basis.

Income Taxes

The component unit Foundation is a not-for-profit corporation that is exempt from income taxes under Section 501(c) (3) of the Internal Revenue Code.

Equity Interest in Apartment Complex

On April 24, 2002, the Foundation was gifted an equity interest in an apartment complex. The gift was made with the understanding that at least 25% of the income each year would be used for needed scholarships and to keep existing students enrolled at the College.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Equity Interest in Apartment Complex (continued)

The apartments are HUD properties and are thus subject to significant governmental regulation and control. These regulations limit the control that the Foundation and other investors have over the apartments. The interest in the apartments is being accounted for using the cost method of accounting due to the limited control over the investment. During the fiscal year, the apartment complex was sold. The Foundation received \$6,800,815 in cash from the sale of the apartment complex. This resulted in a net gain on sale of asset of \$5,964,399.

Capital Assets

Capital assets include property, buildings, equipment and Subscription-Based Information Technology Arrangements (SBITAs). Capital assets are defined by the College as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	<u>Years</u>
Buildings	40
Building Improvements	1-30
Equipment	5-15
Vehicles	5-10
Furniture	10
Computer Equipment	3-5

Subscription-Based Information Technology Arrangements

Effective July 1, 2022, the College implemented GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). The College recognizes a subscription liability and a subscription asset for subscriptions purchased for educational programs and administrative uses. Subscription assets and Subscription liabilities are recorded at the present value of payments expected to be made during the subscription term. The College measured qualifying SBITAs using a 5-year discount rate provided by the Utah Division of Finance. Subscription assets are amortized using the straight-line method over the shorter of the subscription term or the useful life of the underlying asset. Additional information regarding SBITA's can be found in Note 4.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

It is the College's policy to permit eligible employees to accumulate earned but unused vacation benefits with a maximum accrual of 280 hours. All vacation leave is accrued when earned. Employees accumulate vacation leave balances based upon their years of service and employee group. There is no requirement to use vacation leave, but leave is no longer accrued once an employee has accumulated 280 hours. Vacation leave which has accrued and is yet unused, is paid to employees upon termination.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS) and additions to/deductions from URS's fiduciary net position have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Leases

The College leases space to a charter school and other various entities mainly affiliated through the Business Resource Center and has determined that these leases are classified as short-term leases and do not meet the criteria for additional reporting required under the GASB 87 lease standard.

Deferred Outflows/Inflows of Resources

In addition to assets, financial statements will sometimes report a separate section for deferred outflows of resources related to pension liabilities. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources related to pension assets. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

Prior Year's Presentation

The financial statement notes and Management's Discussion and Analysis include partial prior year information. Certain amounts presented in the prior year data may have been reclassified to be consistent with the current year's presentation.

NOTE 2 - DEPOSITS AND INVESTMENTS

The College follows the requirements of the Utah Money Management Act (the Act) (Section 51-7, Utah Code Annotated, 1953, as amended) in handling its depository and investment transactions. The Act requires the depositing of College funds in a qualified depository. The Act defines a qualified depository as any financial institution whose deposits are insured by an agency of the Federal Government and which has been certified by the State Commissioner of Financial Institutions as meeting the requirements of the Act and adhering to the rules of the Utah Money Management Council.

The State of Utah Money Management Council has the responsibility to advise the State Treasurer about investment policies, promote measures and rules that will assist in strengthening the banking and credit structure of the state, and review the rules adopted under the authority of the Act that relate to the deposit and investment of public funds.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. The College does not have a formal deposit policy for custodial credit risk. As of June 30, 2024, \$576,960 of the College's bank balances of \$826,960 was uninsured and uncollateralized. All of the Foundation's \$26,133 bank balances were insured.

<u>Investments</u>

The Utah Money Management Act defines the types of securities authorized as appropriate investments for the College's funds and the conditions for making investment transactions. Investment transactions may be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities.

Statutes authorize the College to invest in negotiable or nonnegotiable deposits of qualified depositories and permitted negotiable depositories; repurchase and reverse repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations; bankers' acceptances; obligations of the United States Treasury including bills, notes, and bonds; obligations, other than mortgage derivative products, issued by U.S. government sponsored enterprises (U.S. Agencies) such as the Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation (Freddie Mac) and Federal National Mortgage Association (Fannie Mae),

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

bonds, notes, and other evidence of indebtedness of political subdivisions of the State; fixed rate corporate obligations and variable rate securities rated "A" or higher, or the equivalent of "A" or higher, by two nationally recognized statistical rating organizations; shares or certificates in a money market mutual fund as defined in the Money Management Act; and the Utah State Public Treasurers Investment Fund (PTIF).

The Utah State Treasurer's Office operates the PTIF. The PTIF is available for investment of funds administered by any Utah public treasurer and is not registered with the SEC as an investment company. The PTIF is authorized and regulated by the Money Management Act (Section 51-7, Utah Code Annotated, 1953, as amended). The Act established the Money Management Council which oversees the activities of the State Treasurer and the PTIF and details the types of authorized investments. Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments.

The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses of the PTIF, net of administration fees, are allocated based upon the participant's average daily balance. The fair value of the PTIF investment pool is approximately equal to the value of the pool shares.

Fair Value of Investments

The College measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1: Quoted prices for identical investments in active markets;

Level 2: Observable inputs other than quoted market prices; and,

Level 3: Unobservable inputs.

The debt and equity securities classified in Level 2 are valued using the application of the June 30, 2024 fair value factor, as calculated by the Utah State Treasurer, to the College's ending balance in the Fund.

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

At June 30, 2024, the College and Foundation had the following recurring fair value measurements.

	_	Fair Value Measurements Using				
	Fair					
Investment Type	Value	Level 1	Level 2	Level 3		
State of Utah Public	\$23,345,882	-	\$23,345,882	-		
Treasurers' Investment Fund						

Interest Rate Risk

Interest rate risk is the risk that the value of an investment will be adversely affected by changes in market investment rates. The College manages exposure to declining value by investing primarily in the PTIF and by complying with the Act. The Act requires the remaining term to maturity of investments may not exceed the period of the availability of the funds to be invested. The Act further limits the remaining time to maturity of commercial paper to 270 days or less and fixed rate negotiable deposits and corporate obligations to 265 days or less.

As of June 30, 2024, the College and Foundation had the following investments and maturities:

		Investment Maturities (in Years)					
	Fair	Less			More		
Investment Type	Value	than 1	1-5	6-10	than 10	_	
State of Utah Public	\$23,345,203	\$23,345,203	-	-	-		
Treasurers' Investment Fund							

NOTE 2 - DEPOSITS AND INVESTMENTS (Continued)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The College's policy for reducing its exposure to credit risk is to comply with the State's Money Management Act as previously discussed.

As of June 30, 2024, the College and Foundation had the following investments and quality ratings:

	Fair	Qι	iality Ratings
Investment Type	Value	AAA	Unrated
State of Utah Public	\$23,345,203	-	\$23,345,203
Treasurers' Investment Fund			

Concentration of Credit Risk

Concentration of Credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The College's policy for reducing this risk of loss is to comply with the Rules of the Money Management Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to 5-10% depending upon the total dollar amount held in the portfolio.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The College does not have a formal policy for custodial credit risk.

NOTE 3 – ACCOUNTS RECEIVABLE AND ACCOUNTS PAYABLE

Schedule of	Accounts	Receivable
-------------	----------	------------

	June 30, 2024	
Amounts due from the State of Utah		
Student Tuition and Fees	\$	1,927
State Grants and Contracts		752,622

	June 30, 2024
Amounts due to the State of Utah	158,656
Amounts due to Others:	
Students	54,711
Sponsors	73,086
Vendors	794,354
Employees	8,627
Total amounts due to Others	930,778
Total Accounts Payable	\$ 1,089,434

NOTE 4 – SUBSCRIPTION-BASED IT ARRANGEMENTS

The College has entered into several Subscription-Based Information Technology Arrangements (SBITAs) for educational programs and administrative uses. Total payments for such arrangements were \$125,633, which includes \$6,238 interest expense, for the fiscal year ended June 30, 2024. The following is a schedule by year of future subscription-based information technology obligations for the previously described arrangement:

Fiscal Year	Total Future Less Amounts SBITA Representing Year Payments Interest		Present Value of Future SBITA Payments		
2025 2026 2027 2028	\$	106,949 46,831 44,536 3,588	\$ 4,641 2,172 1,238 116	\$	102,308 44,659 43,298 3,472
Total	\$	201,904	\$ 8,167	\$	193,737

Net Investment In Capital Assets	\$ 59,433,432	\$ (3,683,923)	\$ 1,845,864	<u>s -</u>	\$ 57,696,931

NOTE 6 - ACCRUED LEAVE

The College accrues amounts for leave in the year in which the leave is earned. Accrued leave consists of only vacation leave. Employees earn leave based upon their employee group and years of service. Unused leave may be carried over into the next year, but the maximum accrual per employee at any time is 280 hours.

The following is a summary of changes in accrued leave during the fiscal year:

Balance at June 30, 2023	\$ 976,790
Additions to Accrued Leave	1,266,820
Accrued Leave Used	 (1,161,220)
Balance at June 30, 2024	\$ 1,082,390
Amount due through June 30, 2025	\$ -

NOTE 7 - ACCRUED TERMINATION BENEFITS

The following is a summary of changes in accrued termination benefits during the fiscal year:

	Medical					
	Stipends			nsurance	Total	
Balance at June 30, 2023	\$	40,533	\$	106,513	\$	147,046
Additions		-		44,285		44,285
Deletions (Payments)		(40,533)		(70,047)		(110,579)
Balance at June 30, 2024	\$	-	\$	80,751	\$	80,752
Amount due through June 30, 2025	\$	-	\$	72,651	\$	72,651

In accordance with the College's Early Retirement Incentives Policy, employees who (1) Were hired into a full-time position with the College prior to December 1, 2004, (2) have ten years of service, (3) retire prior to the time they become eligible to receive unreduced social security benefits, and (4) are of the following age and service may apply for early retirement incentive benefits:

- A) Age 62 with at least 10 years of service
- B) Age 60 with at least 20 years of service
- C) Any age with at least 25 years of service

NOTE 7 - ACCRUED TERMINATION BENEFITS (Continued)

Administrative approval is required to participate in the incentive program. It is the intent of management that the incentive program is not to be considered an entitlement nor a right automatically available to employees who meet the eligibility criteria. Employees who retire under the incentive program receive a stipend of fifteen percent of their annual salary per year for three consecutive years, or until they become eligible to receive unreduced social security benefits, whichever occurs first.

Employees of the College earn sick leave at a rate of 96 hours per year and accumulate a maximum accrual of 800 hours. The College does not reimburse employees for unused sick leave upon termination, except those employees approved under the incentive program. Sick leave is expended when used. If approved under the incentive program, the College will pay eligible employees 20 percent of the employee's accumulated sick leave for leave accumulated prior to June 30, 2004. The employee may use the 20 percent sick leave amount to acquire health insurance during retirement or apply the amount towards a retirement account.

Employees who retire under the incentive program continue to be enrolled in the College's group medical and dental programs until they become eligible for Medicare, or for the ten consecutive years following retirement, whichever occurs first. This enrollment is contingent upon the retirees contributing the balance of the premiums over that paid by the institution for the first three years, and the full premium the following seven years.

Nine former employees received benefits under this policy during the period. Discount and inflation adjustments were considered immaterial.

NOTE 8 - DEFINED BENEFIT PENSION PLANS

As required by state law, eligible non-exempt employees (as defined by the U.S. Fair Labor Standards Act) of the College are covered by the Utah State Retirement Systems (Systems or URS) and eligible exempt employees (as defined by the U.S. Fair Labor Standards Act) are covered by the Teachers Insurance and Annuity Association (TIAA). Eligible College Faculty and Professional/Administrative employees who were employed by the College and enrolled in the Systems on or before June 30, 2003 were allowed to elect to continue participation in the Systems or to begin to participate in TIAA.

NOTE 8 - DEFINED BENEFIT PENSION PLANS (Continued)

Plan Description

The Systems are comprised of the following Pension Trust Funds which are multipleemployer, cost-sharing public employee retirement systems:

Public Employees Noncontributory Retirement System (Noncontributory System)

Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System)

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011, who have no previous service credit with any of the Utah Retirement Systems, are members of the Tier 2 Retirement System. The Systems are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms. URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S., Salt Lake City, Utah 84102 or visiting the website: www.urs.org/general/publications.

Benefits Provided

Utah Retirement Systems provides retirement, disability, and death benefits. Retirement benefits are as follows:

Summary of Benefits by System

		Years of service required	Benefit percent	
	Final Average	and/or age eligible for	per year of	
	Salary	benefit	service	COLA**
Noncontrib	utory System			
	Highest 3 years	30 years any age	2.0% per year all	Up to 4%
		25 years any age*	years	
		20 years age 60*		
		10 years age 62*		
		4 years age 65		
Tier 2 Publi	c Employees			
System				
	Highest 5 years	35 years any age	1.5% per year all	Up to 2.5%
		20 years age 60*	years	
		10 years age 62*		
		4 years age 65		

^{*} Actuarial reductions are applied.

^{**} All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years

NOTE 8 - DEFINED BENEFIT PENSION PLANS (Continued)

Funding Policy

As a condition of participation in the Systems, the College is required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability.

Contribution rates for the pension portion of the plans for the year were as follows:

	Employer	Employer
	Contribution	Rate for
	Rates	401K Plan
Noncontributory System	22.19%	1.50%
Noncontributory System, Post Retired Amortization	9.94%	0%
Tier 2 Public Employees System*	19.84%	0.18%
Tier 2 Public Employees System DC Only*	10.02%	10.00%

^{*}Tier 2 rates include a 9.94% required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

Contributions recorded by the Systems are detailed in the following chart and were equal to the required contributions for each year. Due to timing differences between the College and the Systems' fiscal years, and the Systems' recognition polices, these amounts may not match the College's expenses for the period.

	Employer	Employee
	Contributions	
Noncontributory System	\$ 656,318	N/A
Tier 2 Public Employees System*	439,411	-
Tier 2 Public Employees System DC Only*	90,596	N/A
Total Contributions	\$1,186,325	

^{*}Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

NOTE 8 - DEFINED BENEFIT PENSION PLANS (Continued)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

At June 30, 2024, the College reported a net pension asset of \$0 and a net pension liability of \$2,731,470. The net pension liability decreased \$136,673 from the June 30, 2023 balance of \$2,868,143. None of this is due within the next fiscal year.

	Measureme	ent Date: Decemb	er 31, 2023		
	Net	Net		December 31, 2022	
	Pension	Pension	Proportionate	Proportionate	Change
	Asset	Liability	Share	Share	(Decreases)
Noncontributory System	\$0	\$2,561,660	0.1250209%	0.1287861%	(0.0037652)%
Tier 2 Public Employees System	0	169,810	0.0872438%	0.0801702%	0.0070736%
	\$0	\$2,731,470			

The net pension asset and liability was measured as of December 31, 2023, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2023 and rolled forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the College's actual contributions to the Systems during the plan year over the total of all employer contributions to the Systems during the plan year.

For the Year Ended June 30, 2024, the College recognized a pension expense of \$965,273

As of June 30, 2024, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Inflows of Resources	
Differences between expected and actual experience \$ 553,079 \$ 2,78	81	
Changes in assumptions 342,796 13	34	
Net difference between projected and actual earnings on pension plan investments 344,842 -		
Changes in proportion and differences between contributions and		
proportionate share of contributions 24,401 68,2	12	
Contributions subsequent to the measurement date562,613		
Total \$1,827,731 \$ 71,12	27	

NOTE 8 - DEFINED BENEFIT PENSION PLANS (Continued)

<u>Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)</u>

The College reported \$562,613 as deferred outflows of resources related to pensions results from contributions made prior to the fiscal year end, but subsequent to the measurement date of December 31, 2023. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Deferred Outflows
Year Ended December 31,	(Inflows) of Resources
.	
2024	\$237,114
2025	316,883
2026	668,456
2027	(124,708)
2028	17,666
Thereafter	78,579

Actuarial assumptions: The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.50 %

Salary increases 3.50 % - 9.50 % average, including inflation

Investment rate of return 6.85 %, net of pension plan investment expense, including inflation

NOTE 8 – DEFINED BENEFIT PENSION PLANS (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

Mortality rates were developed from an actuarial experience study dated January 1, 2023 developed using URS retiree experience based on gender, occupation, and age as appropriate with projected improvement using the ultimate rates from the MP-2020 improvement scale using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2023, valuation were based on the results of an actuarial experience study for the period ending December 31, 2022.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Expected Return Arithmetic Basis							
	Target Asset	Real Return	Long-Term					
Asset class	Asset Allocation	Arithmetic Basis	expected portfolio real rate of return					
Equity securities	35%	6.87%	2.40%					
Debt securities	20%	1.54%	0.31%					
Real assets	18%	5.43%	0.98%					
Private equity	12%	9.80%	1.18%					
Absolute return	15%	3.86%	0.58%					
Cash and cash equivalents	0%	0.24%	0.00%					
Totals	100%		5.45%					
	Inflation		2.50%					
	Expected arithm	netic nominal return	7.95%					

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.5% and a real return of 4.35% that is net of investment expense.

NOTE 8 - DEFINED BENEFIT PENSION PLANS (Continued)

Discount rate

The discount rate used to measure the total pension liability was 6.85%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate

The following presents the proportionate share of the net pension liability calculated using the discount rate of 6.85%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85%) or 1-percentage-point higher (7.85%) than the current rate:

	1%	Discount	1%
	Decrease	Rate	Increase
	(5.85%)	(6.85%)	(7.85%)
Proportionate share of Net Pension (asset)/liability			
Noncontributory System	\$6,789,436	\$2,561,660	\$(982,198)
Tier 2 Public Employees System	583,442	169,810	_(150,962)
	\$7,372,878	\$2,731,470	\$(1,133,160)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued URS financial report.

NOTE 9 - DEFINED CONTRIBUTION PLANS

Utah Retirement Systems

The College participates in the 401(k) plan administered by the Utah Retirement Systems (Systems). This plan is a defined contribution plan. The plan is established and governed by Chapter 49 of the Utah Code Annotated, 1953, as amended. The 401(k) plan is a supplemental plan to basic retirement benefits of URS. The College is required by statute to contribute 1.5% of eligible employees' salaries which vests immediately. During the year ended June 30, 2024, the College contributed \$138,935.

For employees participating in the Tier 2 Public Employees defined contribution plan (Tier 2 DC), the College is required to contribute 20.05% of the employees' salaries, of which 10 percent is paid into a 401(k)/457 plan while the remainder is contributed to the Tier 2 Contributory Public Employee System, as required by law.

In September of 2011, eligible employees of the College voted to not participate in the Social Security system as allowed under the guidelines of Section 218 of the Social Security Act. As a result, beginning in October of 2011, the College began contributing 6.2% of these eligible employee's salaries into their respective URS 401(k) accounts in place of the Employer's Social Security contribution. These contributions totaled \$1,027,518 for the year ended June 30, 2024. Voluntary contributions may also be made into the plan by employees, subject to plan and internal revenue code limitations. During the year ended June 30, 2024, College employees made voluntary contributions to the plan of \$664,165

Teachers Insurance and Annuity Association

Eligible Faculty and Professional/Administrative employees of the College participate in the Teachers Insurance and Annuity Association (TIAA). Eligible College Faculty and Professional/Administrative employees who were employed by the College and enrolled in the Utah State Retirement Systems on or before June 30, 2003 were allowed to elect to continue participation in the Systems or to begin participation in TIAA.

TIAA provides individual retirement fund contracts with each participating employee. The benefits provided to retired employees are based on the value of the individual contracts and the estimated life expectancy of the employee at retirement. Participation in TIAA is authorized by Chapter 49 of the Utah Code Annotated, 1953, as amended. Contributions by the College to the employee's contract become vested at the time the contribution is made. Employees are eligible to participate from the date of employment and are not required to contribute to the fund. For the year ended June 30, 2024, the College's contribution to this defined contribution retirement plan was 14.2% of the participating employees' annual salaries.

NOTE 9 - DEFINED CONTRIBUTION PLANS (Continued)

Teachers Insurance and Annuity Association (continued)

The College has no further liability once contributions are made. During the year ended June 30, 2024, the College contributed \$1,563,478 to the plan, and employees made voluntary contributions to the plan of \$199,157.

NOTE 10 - NATURAL AND FUNCTIONAL EXPENSE CLASSIFICATIONS

The following is a summary of natural expense classifications with functional expense classifications for the year ended June 30, 2024

		Salary and Wages	Employee Benefits*	Sc	holarships	ι	J tilities		Supplies & Other		epreciation Amortization	Total

^{*} Employee Benefits includes the Actuarial Calculated Pension Expense

NOTE 11 - DAVIS TECH FOUNDATION -Blended Presentation Component Unit

The Davis Technical College Foundation, Inc. (Foundation) is a legally separate, tax-exempt component unit of the College. The Foundation acts exclusively as a fundraising organization to supplement the resources that are available to the College in support of its programs. The majority of the resources or income the Foundation holds and invests is restricted to the activities of the College by the donors. Additionally, the College Board of Trustees approves the individuals who are appointed to serve on the Foundation's separate Board of Trustees. With these limits on use of Foundation funds and the level of control of the Foundation Board, the Foundation is considered a component unit of the College and is presented in the College's financial statements as a blended component unit. During the year ended June 30, 2024, the Foundation distributed \$452,057 to the College for both restricted and unrestricted activities.

NOTE 11 – DAVIS TECH FOUNDATION - Blended Presentation Component Unit (Continued)

The following is a condensed version of the Foundation's audited financial statements for the fiscal year. Separately issued audited financial statements for the Foundation can be obtained from the Foundation at 550 East 300 South, Kaysville, Utah 84037.

NOTE 12 - UTAH CAREER PATH HIGH CHARTER SCHOOL

The College is the Authorizer for Utah Career Path High (CPH) which is a legally separate, state-funded, early-college charter school located on the College campus that opened in the fall of 2013. As Authorizer, the College fills a limited oversight role in the operation of the charter school as outlined in the Utah State Code 53G-5-306(7). The relationship between the entities does not meet the requirements that would necessitate their inclusion in the College financial statements as a Component Unit or Related Organization according to GASB Statements 14 and 39, as amended by GASB Statement 61. The CPH Governing Board is separate from the College Board of Trustees, and the College may only appoint a minority of the members to that Governing Board.

NOTE 13 – CONTINGENT LIABILITIES

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenses that may be disallowed by the grantor cannot be determined at this time, although the College expects such amounts, if any, to be immaterial.

NOTE 14 – RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. As part of a component unit of the State of Utah, the College participates in the State's Risk Management Fund along with other State funds, agencies, and public authorities of the State. The State Risk Management Fund allocates the cost of providing claims servicing, claims payment, and commercial insurance by charging a "premium" to each agency or public authority based on each organization's estimated current year liability and property values. The liability is determined using independent actuarial studies based on past, current, and estimated loss experience. The College has not had any losses or settlements that exceeded the risk management coverage for any of the last three years.

NOTE 15 - RESTRICTIONS ON NET POSITION

The restrictions on net position on June 30, 2024 relate to specific College appropriations, contracts and grants, Foundation donations of partnership interest, and various scholarships.

Restricted net position is available for the following purposes:

Expendable Assets:

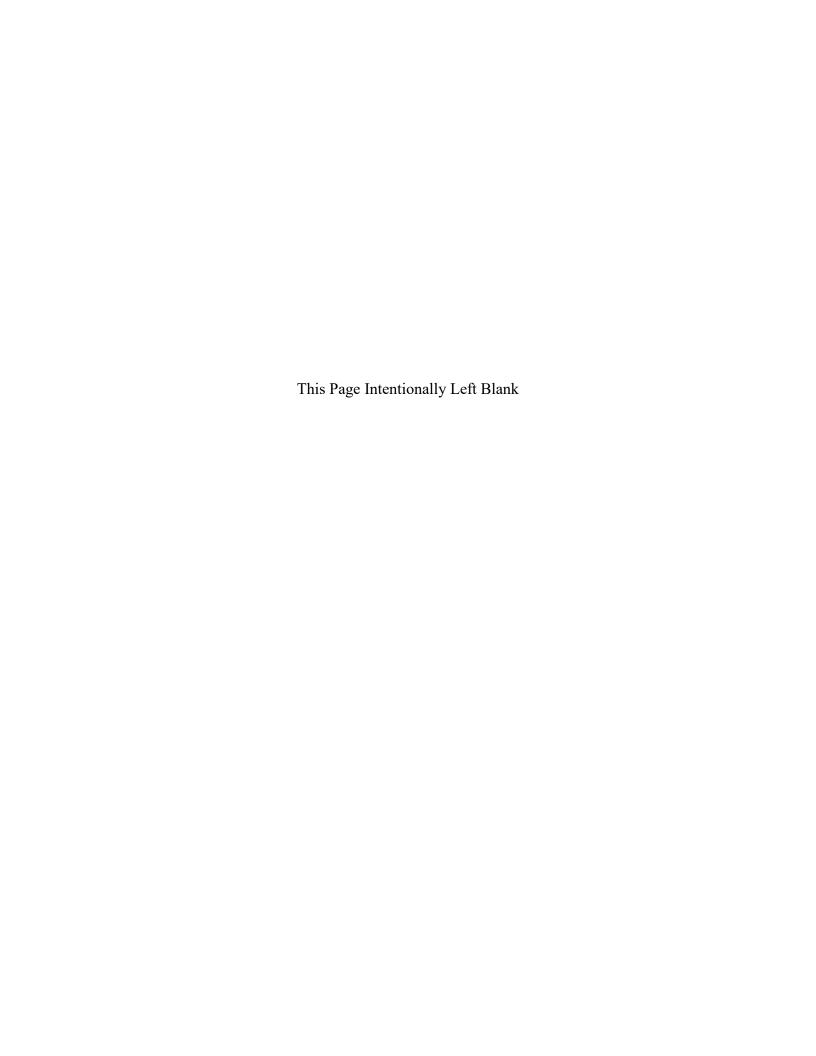

Scholarships	407,727
Capital Projects	304,131
Contracts, Grants & Other	198,562
Total Expendable:	<u>\$ 910,420</u>

Total Restricted Net Position \$910,420

All contributions made to the Foundation are allocated to their restricted purpose, if restricted by a donor.

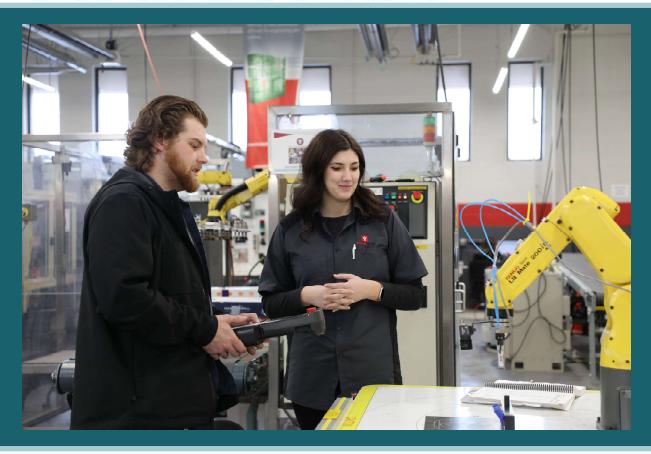

NOTE 16 - RELATED PARTY TRANSACTIONS

Results Group LLC employs Kristen Toone as a trainer and facilitator. She is the spouse of Adam Toone, who sits on the College Board of Trustees as a representative of the Morgan School District. During the fiscal year, the College contracted with Results Group LLC for training services totaling \$3,000. As of June 30, 2024, there were no outstanding amounts due to or from Results Group LLC to the College.

REQUIRED SUPPLEMENTARY INFORMATION

GOVERNMENT AUDIT

Fiscal Year Ended June 30, 2024

Kaysville, Utah A Component Unit of the State of Utah

Independent Auditor's Report

On Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Board of Trustees, Audit Committee and Darin Brush, President Davis Technical College

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Davis Technical College (College), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated September 19, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or to detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

Office of the State auditor

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, pursuant to *Utah Code* Title 63G Chapter 2, this report is a matter of public record, and as such, its distribution is not limited.
