TYTAN SMITH, 2023 Student of the Year

Electrical Apprenticeship student Tytan Smith developed a passion for electrical work during a summer job in high school. So, in his senior year, he enrolled at Davis Tech to become an electrician. He competed in SkillsUSA competitions as a student, finishing with multiple gold medals. He also competed in the IDEAL National Championship with over thirty-five thousand other electricians. Amazingly, he placed in the top 30.

After taking the required classes and on-the-job training, Tytan passed the residential journeyman exam on his first attempt, allowing him to lead crews of varying experience, levels, and ages. He was able to buy a home at the age of 19, and now works as a journeyman electrician. Tytan says, "I owe it all to Davis Tech and Mason Electric, who helped push me along to make the money to provide for my wife and myself."
