4. Policy

4.1. As an entity of the State of Utah, the College complies with providing public records for information as covered by and provided through the GRAMA.

5. Procedures

5.1. The College will appoint one Records Officer to provide for the care, maintenance, scheduling, disposal, classification, designation, access and preservation of the institution's records.

5.3.1.2. Sharing records with other governmental entities is allowed, subject to the restrictions of Utah Code 63G-2-201.)

All formal requests for access to records will be assessed by the Vice President of Quality and Development in coordination with the Records Officer to determine a) if the request is permissible under GRAMA rules, and b) to refer the request to the appropriate member of the College staff for resolution.

5.4.3. The designation for the record will be used as the primary determinant for responding to the request. If the designation is unclear or absent, the Vice President of Quality and Development and Records Officer will coordinate with the executive council to determine how to handle the request.

5.4.4. If a request is presented as a GRAMA request, but is determined to be a different kind of request (i.e. transcript request, subpoena, individual student request for records, request for access to information available through state transparency processes, etc.) it will be no longer considered a GRAMA request and the requestor will be directed to the appropriate avenue for fulfilling the request.

5.5. If a formal records request is denied, a dissatisfied requester has the right to appeal to the College President or designee.

5.6. An individual may contest the accuracy or completeness of records concerning him or her. Appeals from such decision are governed by Utah Code 63G-2-603.
