

The agenda for the scheduled follow up meeting on Wednesday January 31 is below. We have made progress in several areas, but please be aware that at this time we have little new information to share regarding the CDL range.

### **January 31, 2024, Neighborhood Meeting Agenda**

- Teach out and closure timetable of Construction and Heavy Equipment Operator Program.
  - American Cancer Society Big Dig Event will not be held at DTC this year.
- Interior remodeling project going out for bid, construction expected to begin in the April 2024.
- Campus stormwater and drainage study is almost completed.
- Welding Program Building going out for bid, construction expected to begin in the fall of 2024.
- Commercial Driver License (CDL) Program range
  - Currently exploring potential off campus sites for driving range.
    - The locations and owners of possible offsite locations will not be discussed.
  - Examples of the criteria being considered in site evaluation:
    - Site suitability for function of CDL program
      - Size and shape of available land
      - Width of entry and exit points
      - Access to roads and freeways
      - Site lighting and electrical utility access
      - Stormwater impacts
    - Total cost of site acquisition and improvements
    - Potential impact to campus for future development projects
    - Access to college support services (counseling, financial aid)
    - Proximity to residential areas
- Fueling site selection will be made after CDL range location has been determined.
- Other items
  - Planning for South campus improvements (sidewalks, fencing, and possible Laurelwood connection) are on hold pending master plan revisions.
  - Some parking lot repairs and maintenance will be completed this summer.
  - Bull Dog Sod is currently considering continuing operations this summer.
- Questions
