BAILEY HAMBLIN, 2021 Student of the Year

Bailey Hamblin decided technical education was the right choice for her after a near-fatal car accident. She was inspired by the first responders and the hospital emergency room staff who saved her life. At this point, Hamblin knew she wanted a career working in an intensive care unit (ICU). Hamblin chose Davis Tech’s Surgical Tech program to gain hands-on training for her dream career as a surgical technician.
