

2018 ANNUAL REPORT

THE MISSION

The mission of the Davis Technical College Foundation is to provide scholarships, equipment, and financial support to the College for technical education that promotes student development and economic growth.

Braden Evans

Braden Evans, student speaker at the 2018 summer graduation, took the long road to Davis Technical College – literally. Traveling from Provo to Kaysville every day for Architectural and Engineering Design classes meant that Braden had to get up at 4:30 a.m. and didn't get home until 6 p.m. Scholarships from Davis Tech helped Braden focus on his school work, but it was Braden's tenacity and passion for architecture that carried him through long hours in class and on the train. Braden is now successfully employed as a drafter at JZW Architects.

The Stella H. Oaks Foundation helps single mothers and their children escape poverty through education. Davis Technical College received \$6,000 from the Stella H. Oaks Foundation, which will be awarded as scholarships for single parents enrolled full-time or part-time in a Davis Tech program.

Many single parents lack the funds and resources needed to obtain education. Scholarships will help these parents develop marketable skills and find employment so they and their families will have a better quality of life.

IN-KIND DONORS

We are grateful for Albertson's and Sam Paget for generously donating two diesel trucks. One of the trucks will be used for student training and the second truck will be used to pull our mobile welding trailer. Donations like this help keep our tuition costs affordable and provide the necessary equipment for hands-on training.

OPPORTUNITIES TO GIVE

| Donate to Scholarships

For many individuals, a Davis Tech education would not be possible without financial aid. Your donation is an investment in their future and our community.

| Consider In-Kind Donations

Davis Tech's programs prepare graduates for real-world jobs and train students on the most up-to-date equipment available. In-kind equipment and material donations help students develop expertise using current technology that prepares them to be outstanding employees with valuable skills.

| Donate to the Strategic Growth Fund

Be a part of future education in Davis County by donating to support buildings and equipment at Davis Technical College.

To discuss how you can support our efforts, contact the Davis Technical College Foundation director at **801-593-2374** or **marcie.valdez@davistech.edu**.

Davis Technical College Allied Health Building Rendering

Provided by Method Studio

The Davis Technical College Foundation is thrilled to announce that the Allied Health Building was funded by the Utah Legislature in March 2018. We are so grateful to all our donors, whose commitment and generosity helped make our dream come true. The Allied Health Building will serve thousands of students and community members as it becomes a place of healing and transformation.

We anticipate the new building's groundbreaking in Spring 2019. Although most of the funding has been secured, there is still time to support the Allied Health Building as it nears construction. Your contribution, whether large or small, will leave a legacy that will never be forgotten.
